

MARATHON KIDS

National Engagement Report
2015-2016

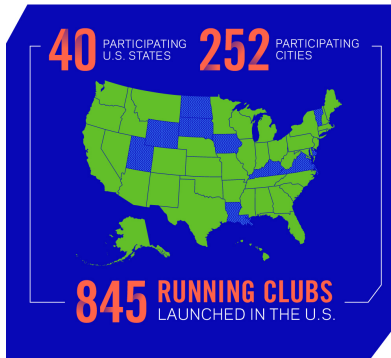

■ In August 2015, Nike announced a partnership with Marathon Kids – a nonprofit organization dedicated to improving children's health through a fun, goal-driven youth running program. Here's a look at the milestones reached so far, with many more to come.

SUCCESS STORIES | NEW YORK, NEW YORK

SCHOOL NAME: Harlem Children's Zone Booker T. Washington Beacon 54
RUNNING CLUB NAME: F.I.T. Girls
RUNNING CLUB COACH: Whitney Saulsberry

In their first year participating with Marathon Kids, Coach Whitney Saulsberry and her F.I.T. Girls have taken New York City by storm. Participants run after school for half an hour multiple days per week.

As a first time coach, Whitney wasn't sure what type of reaction she'd get from her all-girls group. Their response was more than she could have hoped for. **"We are so excited about our running group and our runs have been going great. Our girls are all so excited about this. They are extremely dedicated to what we have going here, which is GREAT!"**

However, this club is about much more than running. When asked why she named the club F.I.T. Girls **Coach Whitney said, "Fierce. Intelligent. Tough. I thought long about it, but I really do feel that all girls should think/know/believe that they are all three of these things."**

For a group of kids that never had access to an after-school running club, the impact has been huge. Much of that can be attributed to the girls' motivation and the encouragement from Coach Whitney. As she likes to tell them, "When the running gets tough, the tough keep running."

--- Chad Mann, Manager of Running Clubs and Partnerships | Eastern Region

MARATHON KIDS

MARATHON KIDS IS A NONPROFIT ORGANIZATION WITH A MISSION TO IMPROVE THE HEALTH OF CHILDREN!

SUCCESS STORIES | INGLESIDE, TEXAS

SCHOOL NAME: Gilbert J Mircovich Elementary
RUNNING CLUB NAME: Mini Mustangs Run Club
RUNNING CLUB COACH: Linda Lindsey

Linda Lindsey is a passionate PE Teacher & Marathon Kids Coach at Gilbert J Mircovich Elementary in Corpus Christi, Texas. **Approximately 46% of the school population is considered overweight** and Linda is on a mission to change this.

Linda was a successful recipient of the Let's Move! Active Schools Grant and was quick to implement the program after being awarded. **GJM Mini Mustangs now has around 60 runners** and they accumulate their miles in a number of different locations around Ingleside. Getting families involved is part of the club.

I want to encourage fitness activities with students. **This program educates, leads, and rewards student and family fitness.** We averaged 62 runners per practice. We already have 40 runners who have received 26.2 T-Shirts! **They are really having fun, thank you.**

--- Kenrick Tyrell, Manager of Running Clubs and Partnerships | Mountain Region

MARATHON KIDS

MARATHON KIDS IS A NONPROFIT ORGANIZATION WITH A MISSION TO IMPROVE THE HEALTH OF CHILDREN!

SUCCESS STORIES | LOS ANGELES, CALIFORNIA

SCHOOL NAME: Independence Elementary
RUNNING CLUB NAME: Indy Rockets
RUNNING CLUB COACH: Katarina Murillo

This is Coach Katarina Murillo's first year participating in Marathon Kids. She is a passionate runner herself and found Marathon Kids in August while searching for **a way to share her love of running with her students.**

She kicked off a spring running club on February 1st and by March 4th she had runners at the one marathon mark!

Coach Katarina inspires her runners to achieve holistic wellness - they stretch on yoga mats at the beginning of each running session, and her impact is evident by her runners' excitement and success.

--- Laura Clarke, Manager of Running Clubs and Partnerships | Pacific Region

MARATHON KIDS

MARATHON KIDS IS A NONPROFIT ORGANIZATION WITH A MISSION TO IMPROVE THE HEALTH OF CHILDREN!

SUCCESS STORIES | COLUMBUS, MISSISSIPPI

SCHOOL NAME: Franklin Academy Medical & Wellness Magnet School
RUNNING CLUB NAME: Franklin Famous Runners
RUNNING CLUB COACH: Terrie Gooch

After being awarded an LMAS grant, Terrie Gooch had 127 students committed to Marathon Kids at Franklin Academy. **The club runs outside every morning.** When there is no outdoor access due to weather, Terrie divides the running club into smaller groups so that they can run inside the auditorium. **Using colorful pipe cleaners to track their laps, her students are excited to tally up their miles after each run club session.**

The six month running club season is split into three 60-day goal-setting periods. **Goals are met by the kids, and then re-assessed every 60 days.**

Terrie has stated that **the program is exactly what her school population needs in order to be successful inside and outside of the classroom.** The students are realizing that with perseverance, they can accomplish anything!

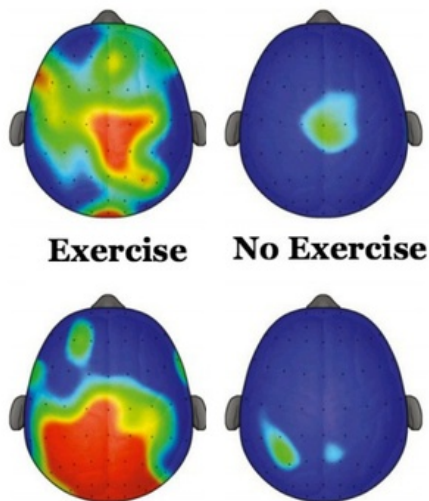

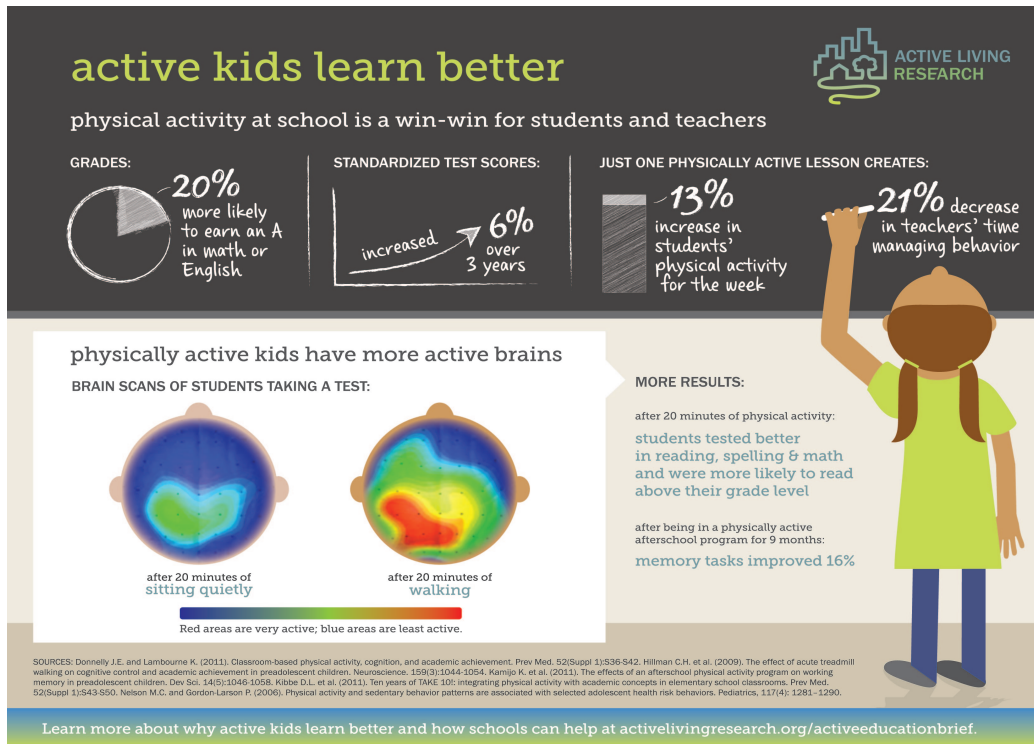

--- Nurrie Wilson, Manager of Running Clubs and Partnerships | Central Region

It's Simple -- Active Kids Do Better

Electrophysiological plots representing brain processing capacity and mental workload during cognitive tasks that require executive control in children in the experiment and control groups. Red represents the greatest amplitude, and blue the lowest. (Hillman et al, *Pediatrics/The Atlantic*)

Exercise is ADHD Medication

by James Hamblin

Physical activity is clearly a high, high-yield investment for all kids, but especially those attentive or hyperactive. This brand of research is still published and written about as though it were a novel finding, in part because exercise programs for kids remain underfunded and underprioritized in many school curricula, **even though exercise is clearly integral to maximizing the utility of time spent in class.**

The improvements in this case came in **executive control, which consists of inhibition (resisting distraction, maintaining focus), working memory, and cognitive flexibility (switching between tasks).** The images above show the brain activity in the group of kids who did the program as opposed to the group that didn't. It's the kind of difference that's so dramatic it's a little unsettling

Hamblin, J. (Sept 4, 2014). Exercise is ADHD Medication. *The Atlantic*. Retrieved from <http://www.theatlantic.com/health/archive/2014/09/exercise-seems-to-be-beneficial-to-children/380844/>
